

CIKOsol (previously known as CIKOsolvent-20)

Thinning and Cleaning Solvent

Description

CIKOsol is a volatile mixture of hydrocarbon solvents. It is majorly used to dilute epoxy and polyurethane products as well as for cleaning purposes (tools, containers...).

CIKOsol is well known to be more effective than common solvents such as petrol, xylene...

Properties & Advantages

- Easy to apply.
- Rapid action.
- Removes oil and grease.
- Tools, containers and substrate cleaner.
- Thinning agent.
- Compatible with most polyurethane and epoxy products.

Physical Properties

Form	Liquid
Colour	Colourless
Specific Gravity	0.86±0.01 @ 25°C
Flash point	30°C

Application Instructions

CIKOsol is an easy to apply CIKO material. The application changes according to the required job:

1. Thinning solvent: for thinning application of CIKO products, kindly refer to the specific CIKO product technical data sheet to retrieve the required thinning ratio or contact CIKO personnel for further assistance.

2. Cleaning tools: it is advisable to pour some of CIKOsol in a different empty pail and clean the tools within it.

3. Cleaning substrates: simply pour a small amount of CIKOsol on a towel, cloth or paper and clean the required area.

Packaging

CIKOsol is available in 5 ltr cans and 20 litre pails.

Storage

CIKOsol should be stored under enclosed shaded area. The material shall be stored away from any source of ignition.

Shelf life

CIKOsol has a shelf life of 12 months if stored in accordance with CIKO instructions.

Health & safety

CIKOsol should not come in contact with eyes, skin or be swallowed. Ensure adequate ventilation and avoid inhalation of vapours. Applicator should wear appropriate clothes, gloves and goggles. Use of barrier cream is recommended to provide additional skin protection. If comes in contact with eyes, immediately flush with plenty of fresh water and seek medical advice.

CIKOsol contains flammable solvents thus avoid any naked flames and smoking near it.

Refer Material Safety Data Sheet for further details.

Technical Support

For any technical support, do not hesitate to contact CIKO team at any time as CIKO offers on and off-site services to end users, specifier and contractors.

More from CIKO Middle East

A wide range of construction chemical products are manufactured by CIKO Middle East which includes:

- Concrete admixtures and additives
- Waterproofing and damp-proof coatings
- Surface treatments
- Flooring and toppings
- Grouts and anchors
- Tile adhesives and grout
- Concrete repair materials
- Adhesives and bonding agent
- Protective coating
- Joint Sealants and Moulding compounds
- Ancillaries

Legal Notice and Warranty

CIKO warrants this product to be free from manufacturing defects and to meet the technical properties stated in the current Technical Data Sheet, if used as directed within its shelf life. Satisfactory results depend not only on quality of product but also on many factors beyond our control. CIKO makes no other warranty or guarantee, express or implied, including warranties of merchantability or fitness for a particular purpose with respect to its product. The sole and exclusive remedy of purchaser for any claim concerning this product, including but not limited to, claims alleging breach of warranty, negligence, strict liability or otherwise, is the replacement of product or refund of the purchase price, at the sole option of CIKO. Any claims concerning this product must be received in writing within one (1) year from the date of shipment and any claims not presented within that period are waived by purchaser. CIKO will not be responsible for any special incidental, consequential including lost profits or punitive damages of any kind. Purchaser must determine the suitability of the products for the intended use and assumes all risks and liabilities in connection therewith. This information and all further technical advice are based on CIKO's present knowledge and experience. However, CIKO assumes no liability for providing such information and advice including the extent to which such information and advice may relate to existing third party intellectual property rights, especially patent rights, nor shall any legal relationship be created by or arise from the provision of such information and advice. CIKO reserves the right to make any changes according to technological progress or further developments. The Purchaser of the Product(s) must test the product(s) for suitability for the intended application and purpose before proceeding with a full application of the product(s). Performance of the product described herein should be verified by testing and carried out by qualified expert.

TDS/ST23 Rev.: 1 Issue: A

All CIKO products are manufactured under a strict management system conforming to and in compliance with requirements of international standards of Quality, Environmental, occupational Health and Safety ISO 9001, ISO14001 and ISO45001.
